

Starlink missions with and without Direct-to-Cell by year

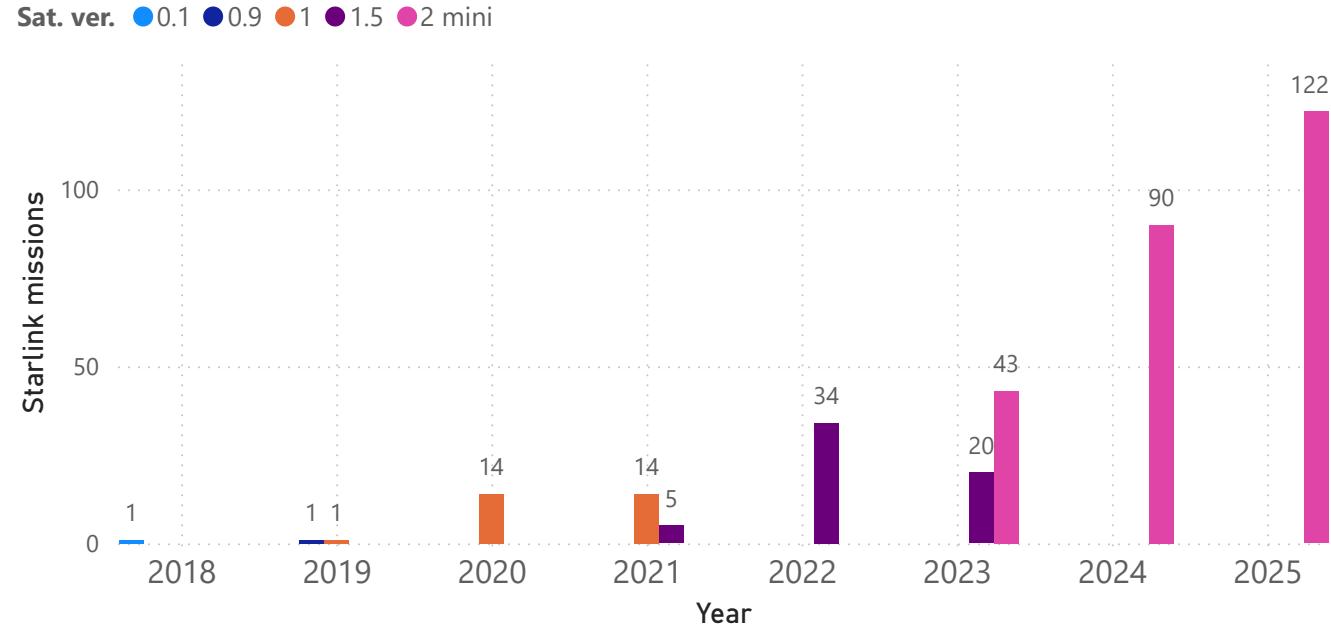

Starlink missions by year and launch site

Total number of Starlink missions by year

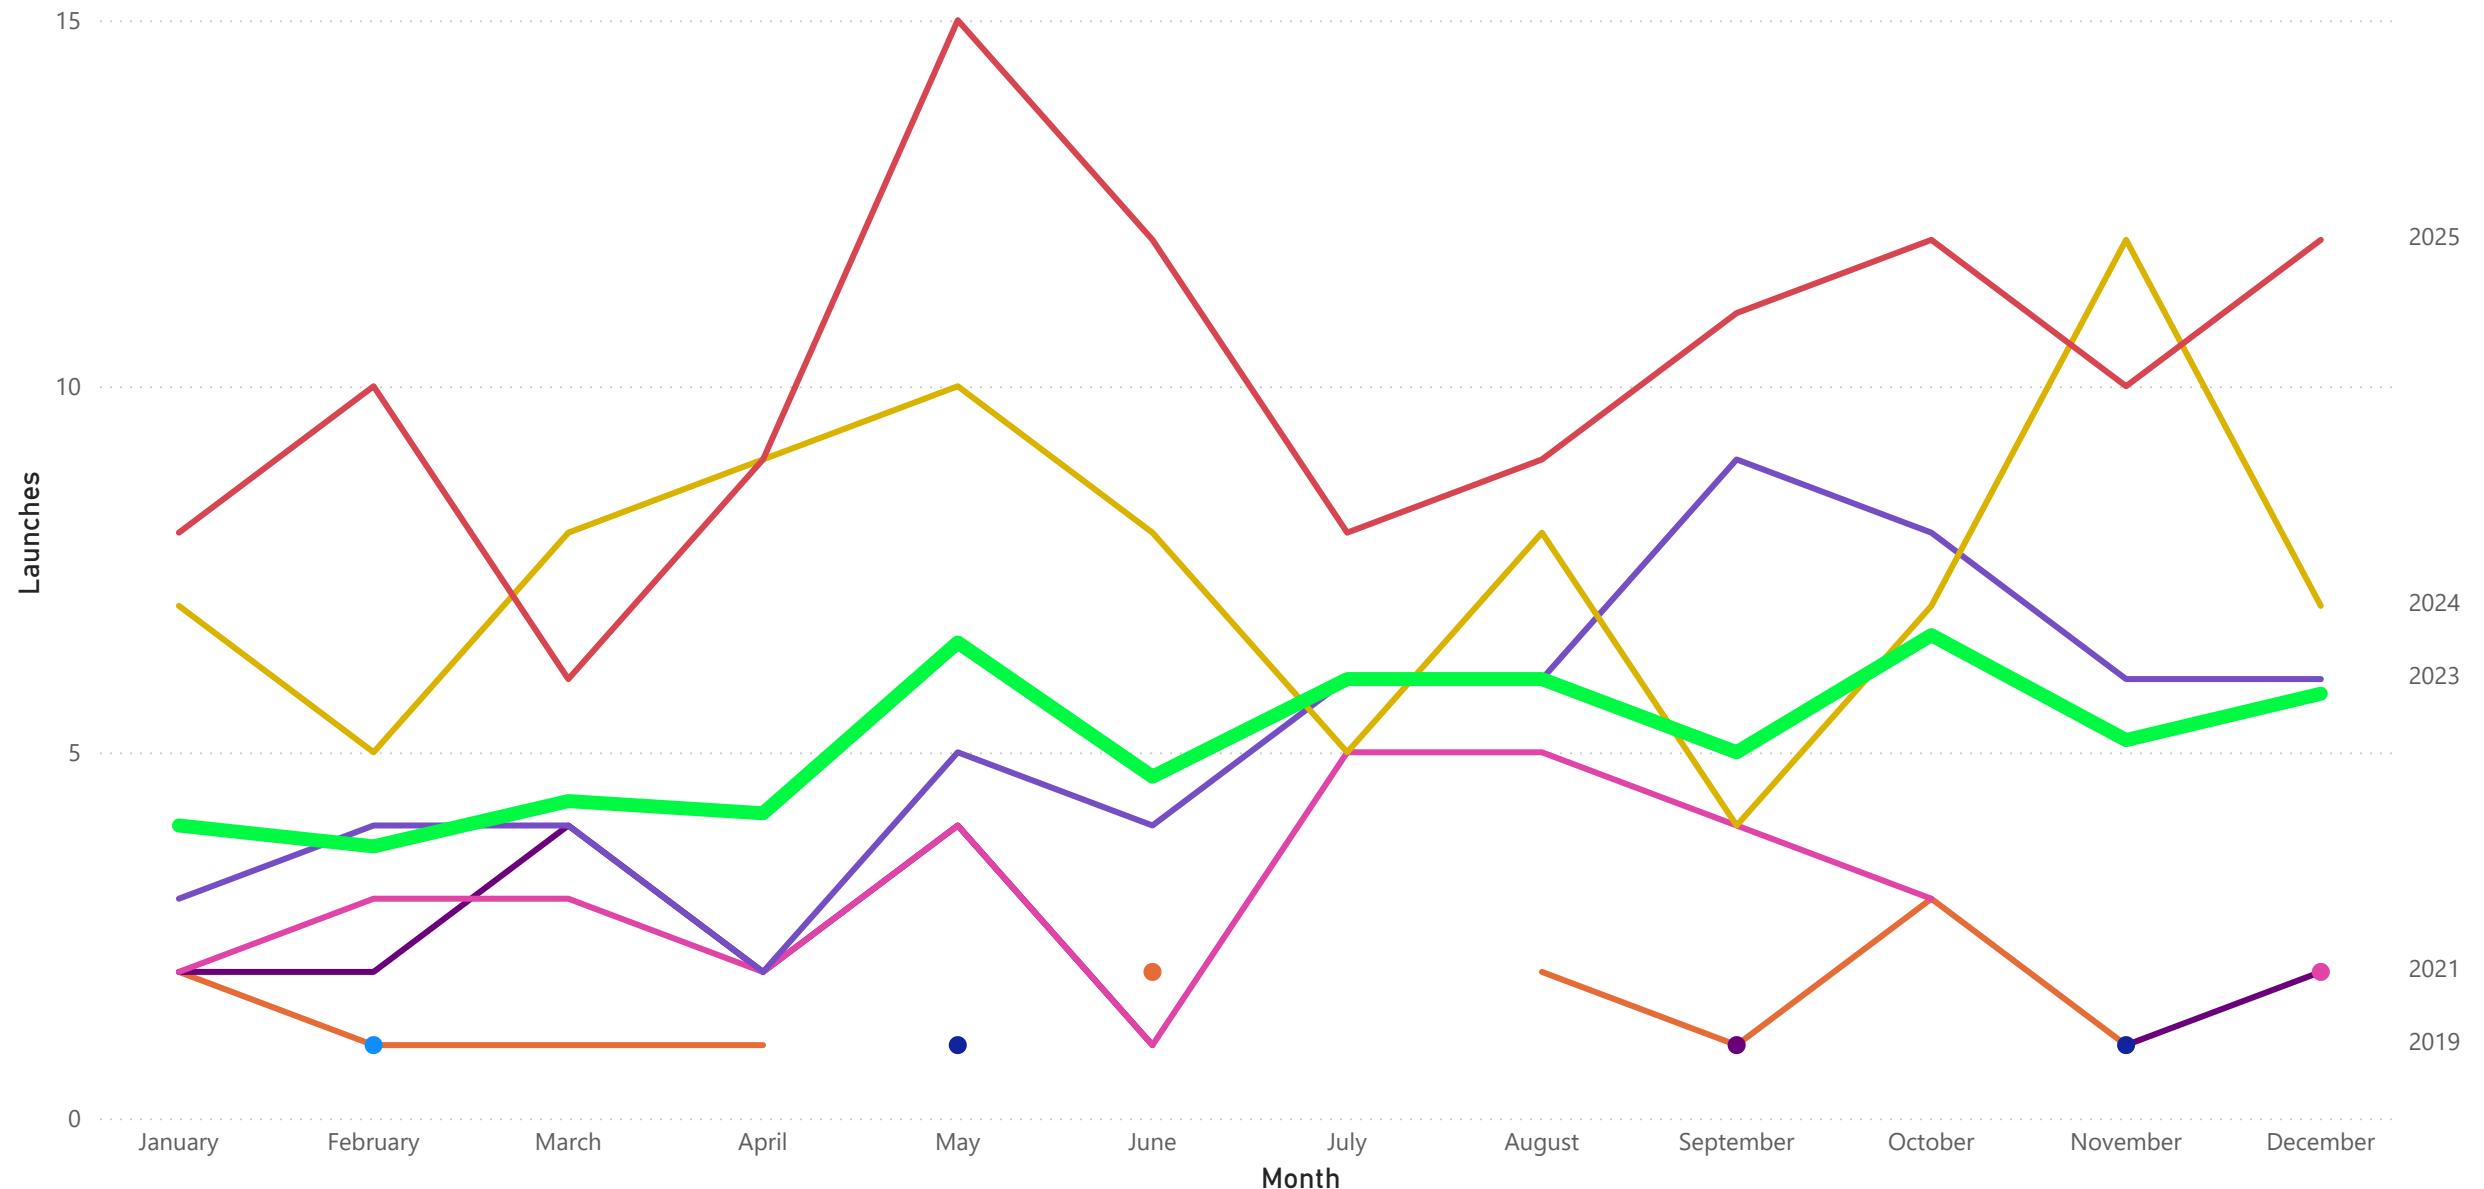

Starlink missions by year and satellite version

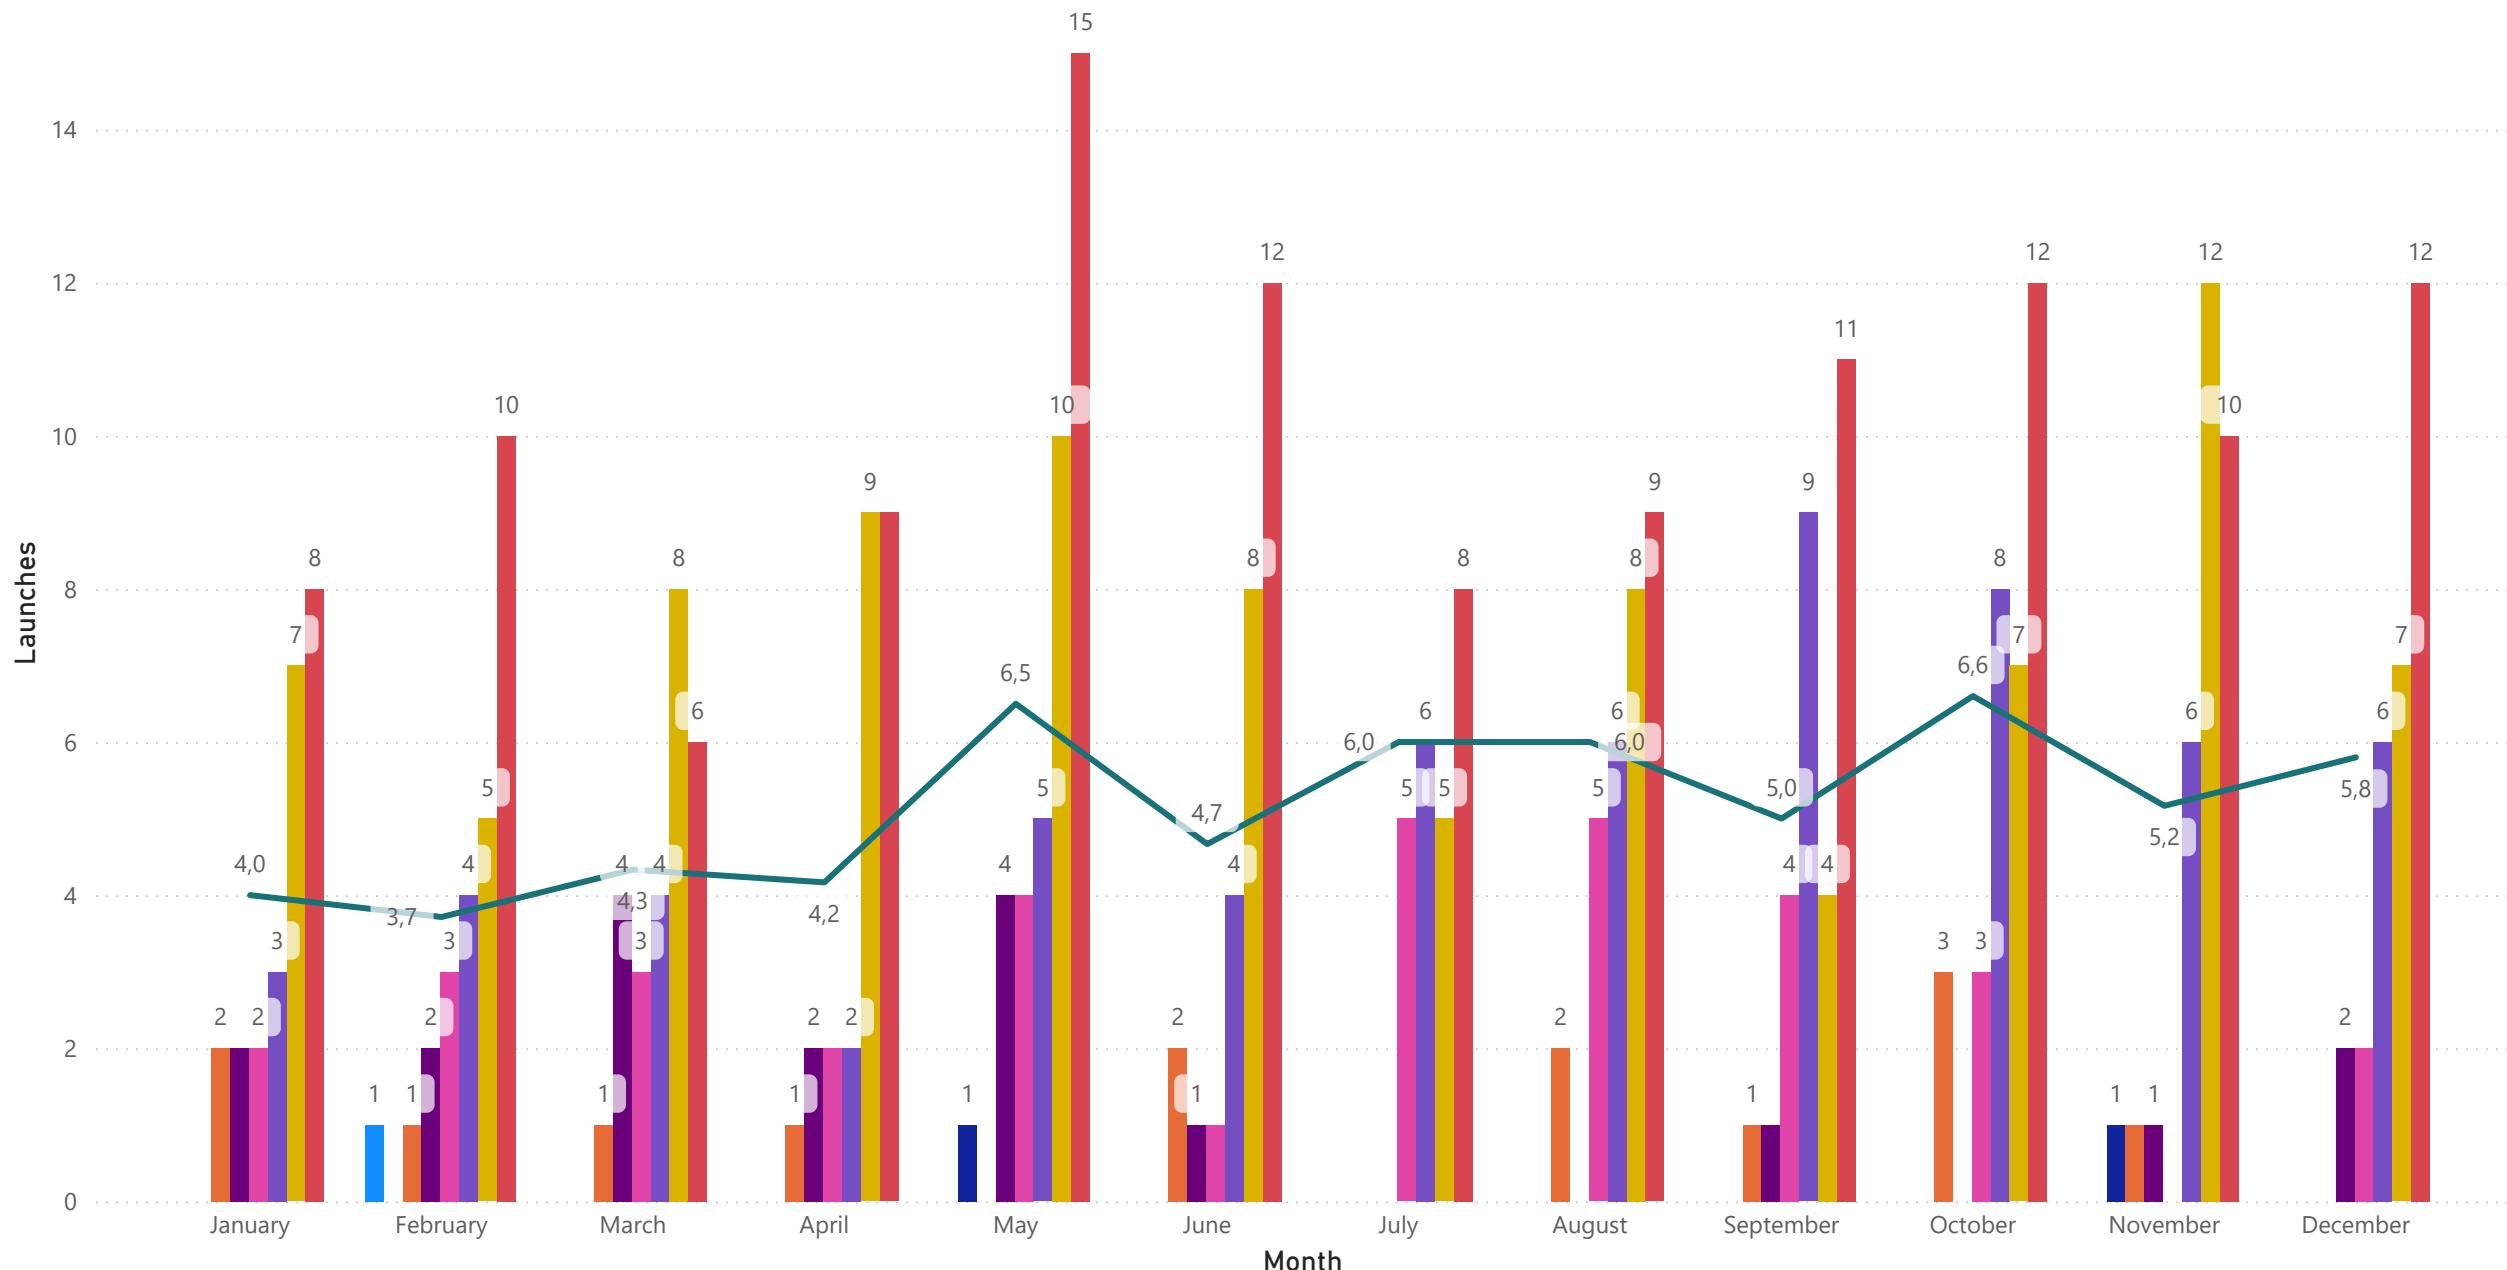

Launches by month and line type: years and average

line type: years and average ● 2018 ● 2019 ● 2020 ● 2021 ● 2022 ● 2023 ● 2024 ● 2025 ● Average

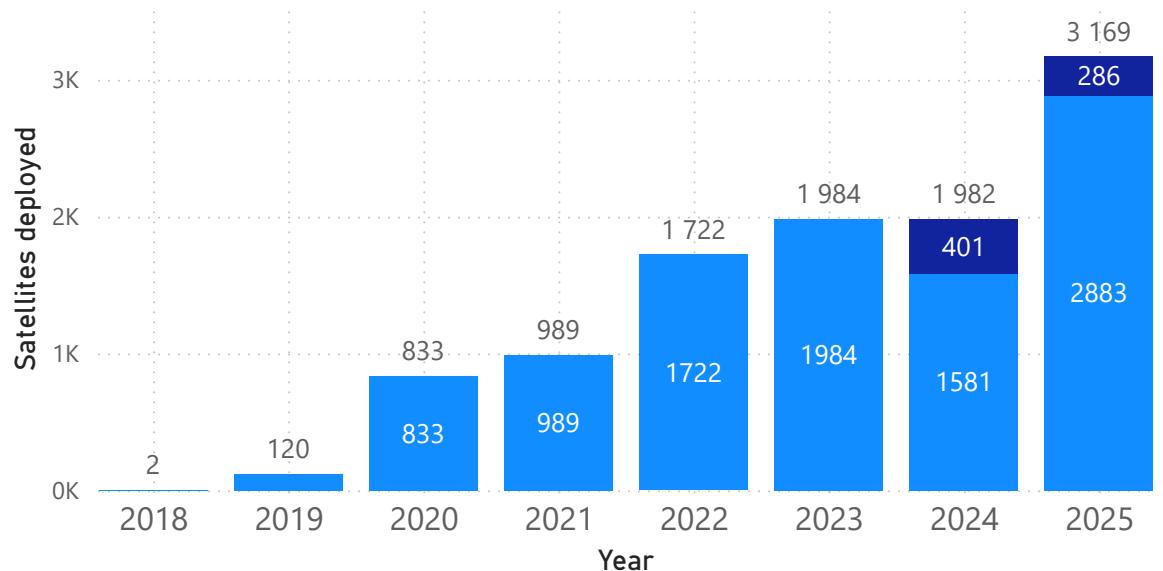

Launches and average launches per month by month and year

Year ● 2018 ● 2019 ● 2020 ● 2021 ● 2022 ● 2023 ● 2024 ● 2025 ● Average launches per month

Satellites deployed including those with Direct-To-Cell capabilities by year

● Satellites without Direct-To-Cell capabilities ● Satellites with Direct-To-Cell

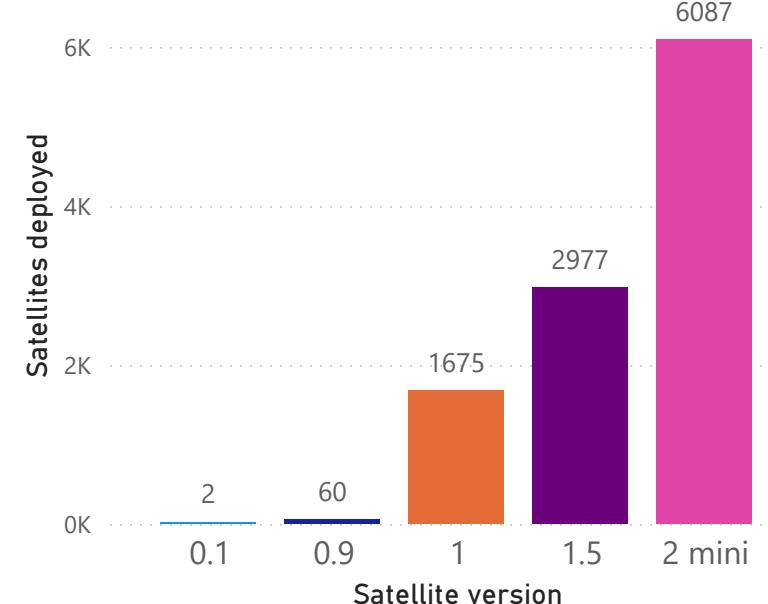

10 801

687

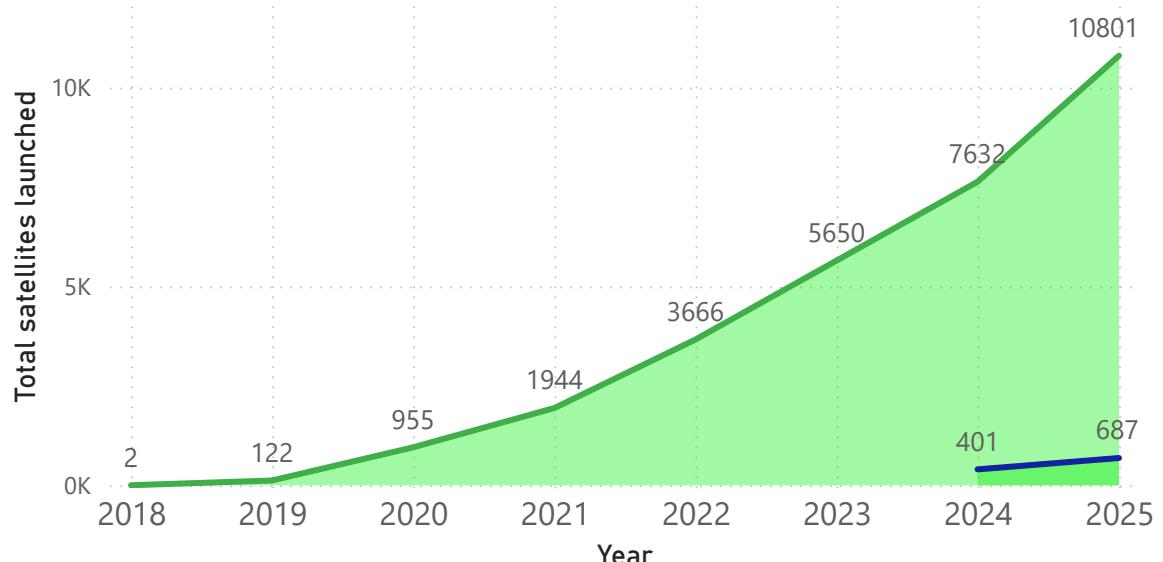

10114

Satellites deployed by satellite version

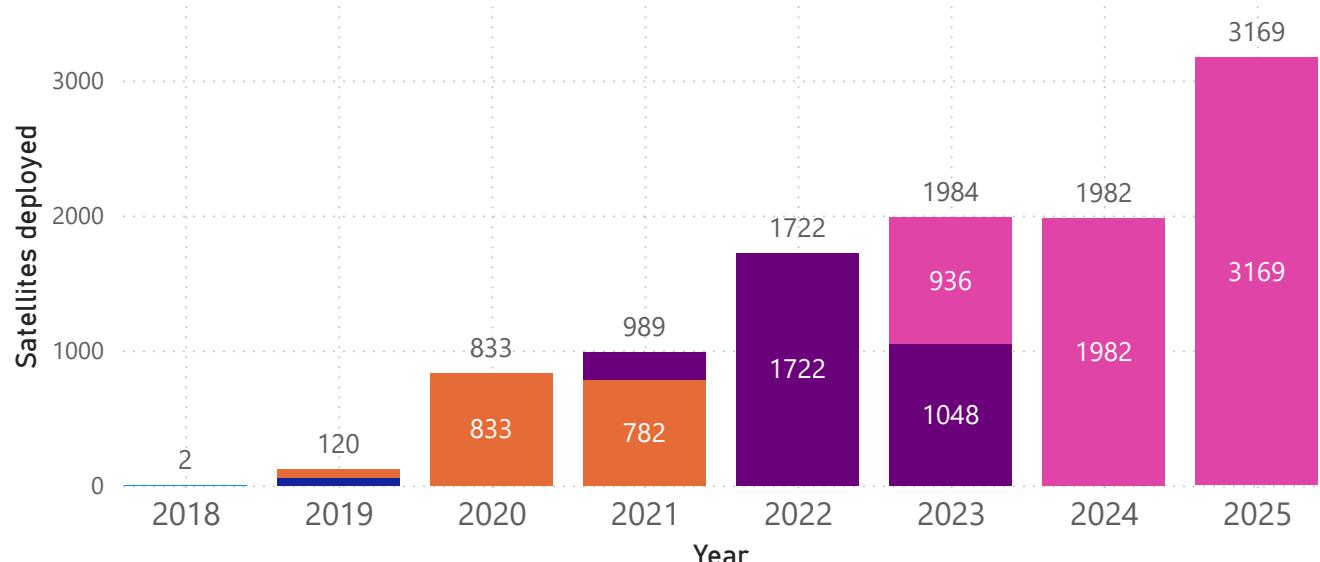

Total satilite launched including with Direct-to-Cell by year

● Total satilite launched ● Total satilite launched with Direct-to-Cell

Satellites deployed by year and sat. version

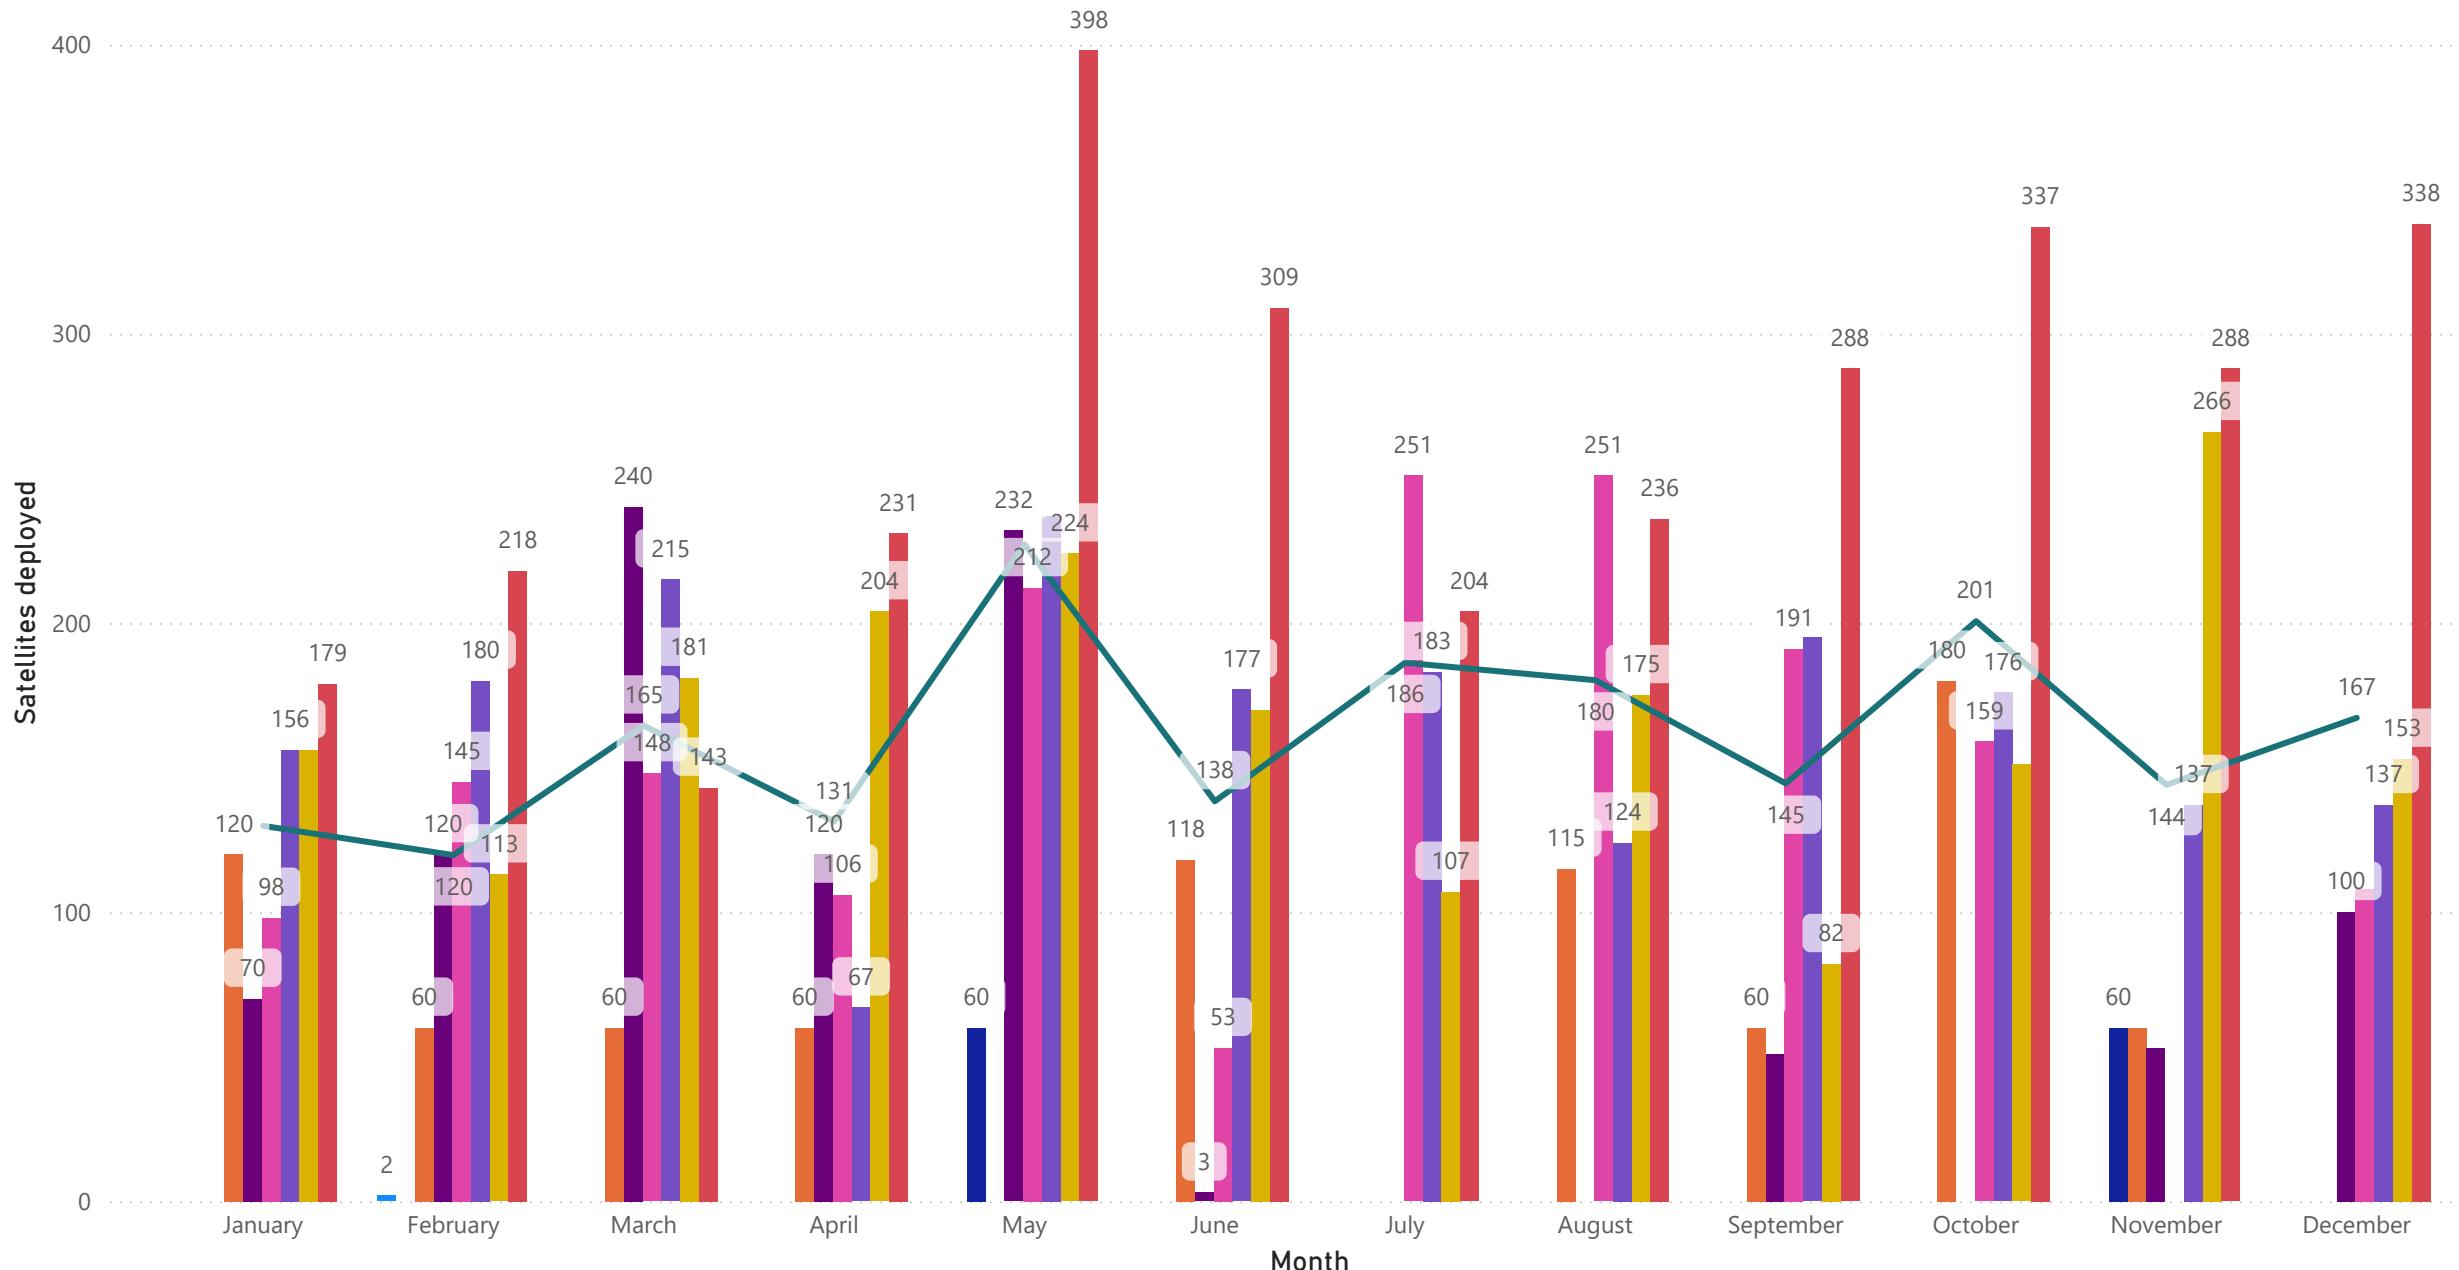

Satellite version ● 0.1 ● 0.9 ● 1 ● 1.5 ● 2 mini

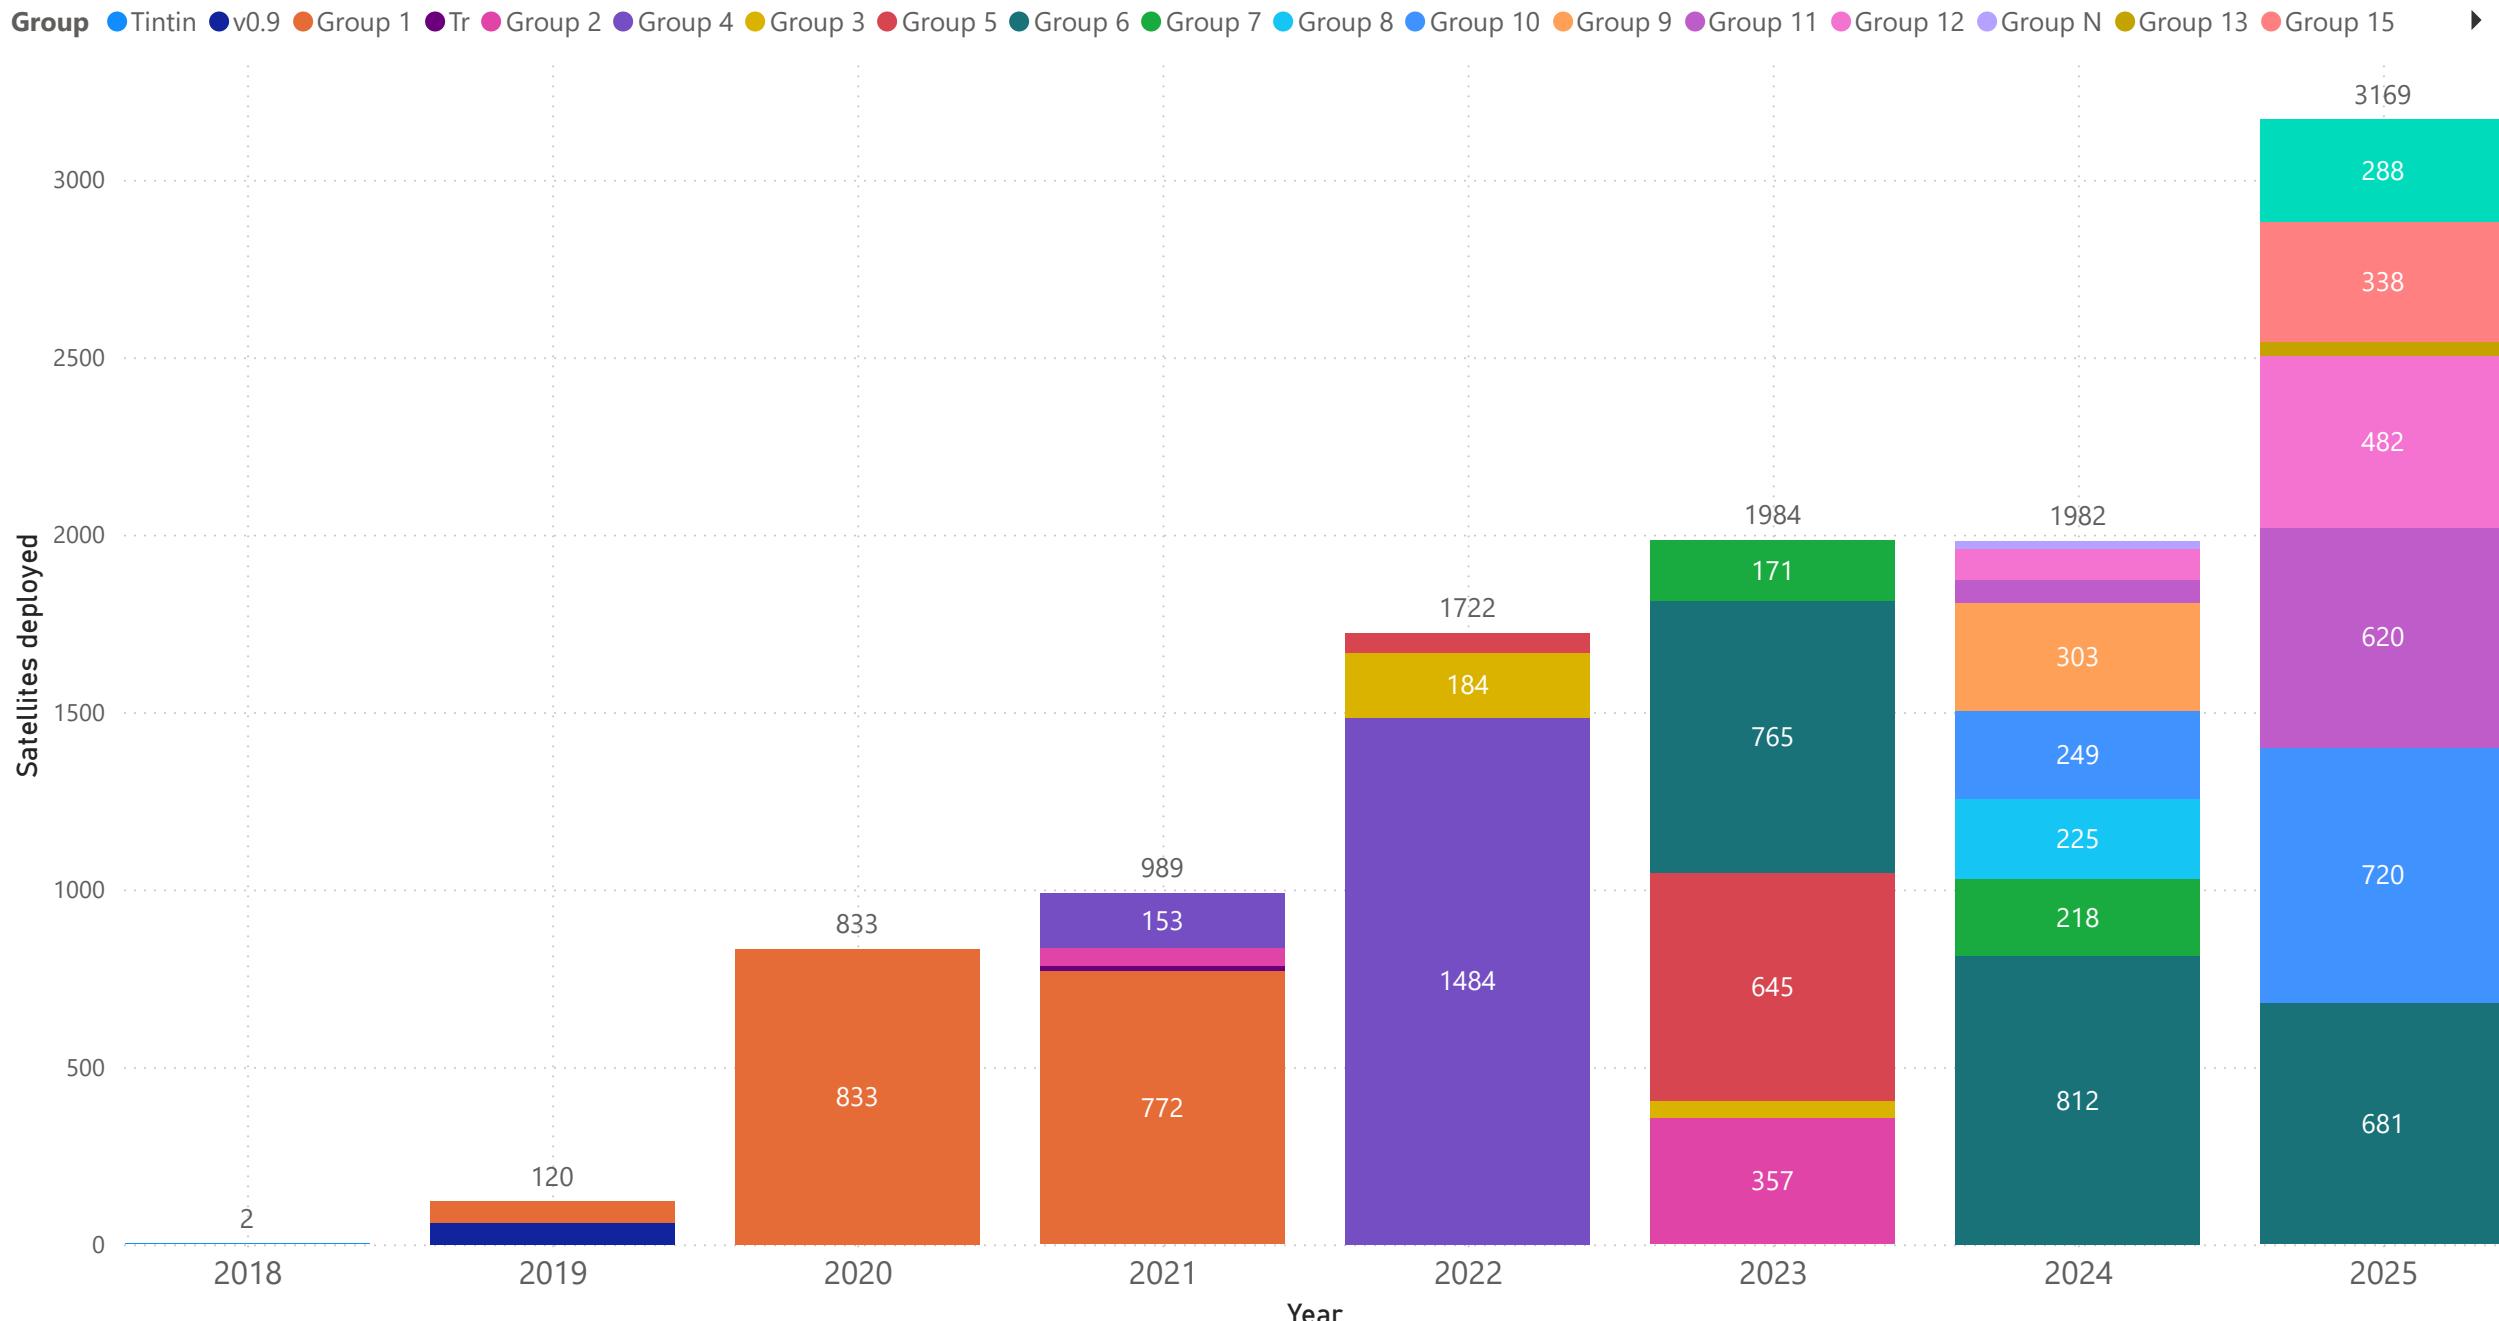

! Since ver. 1.5 all Starlink satellites are equipped with laser link technology

Satellites deployed with average per month by month and year

Year ● 2018 ● 2019 ● 2020 ● 2021 ● 2022 ● 2023 ● 2024 ● 2025 ● Average satellites deployed per month

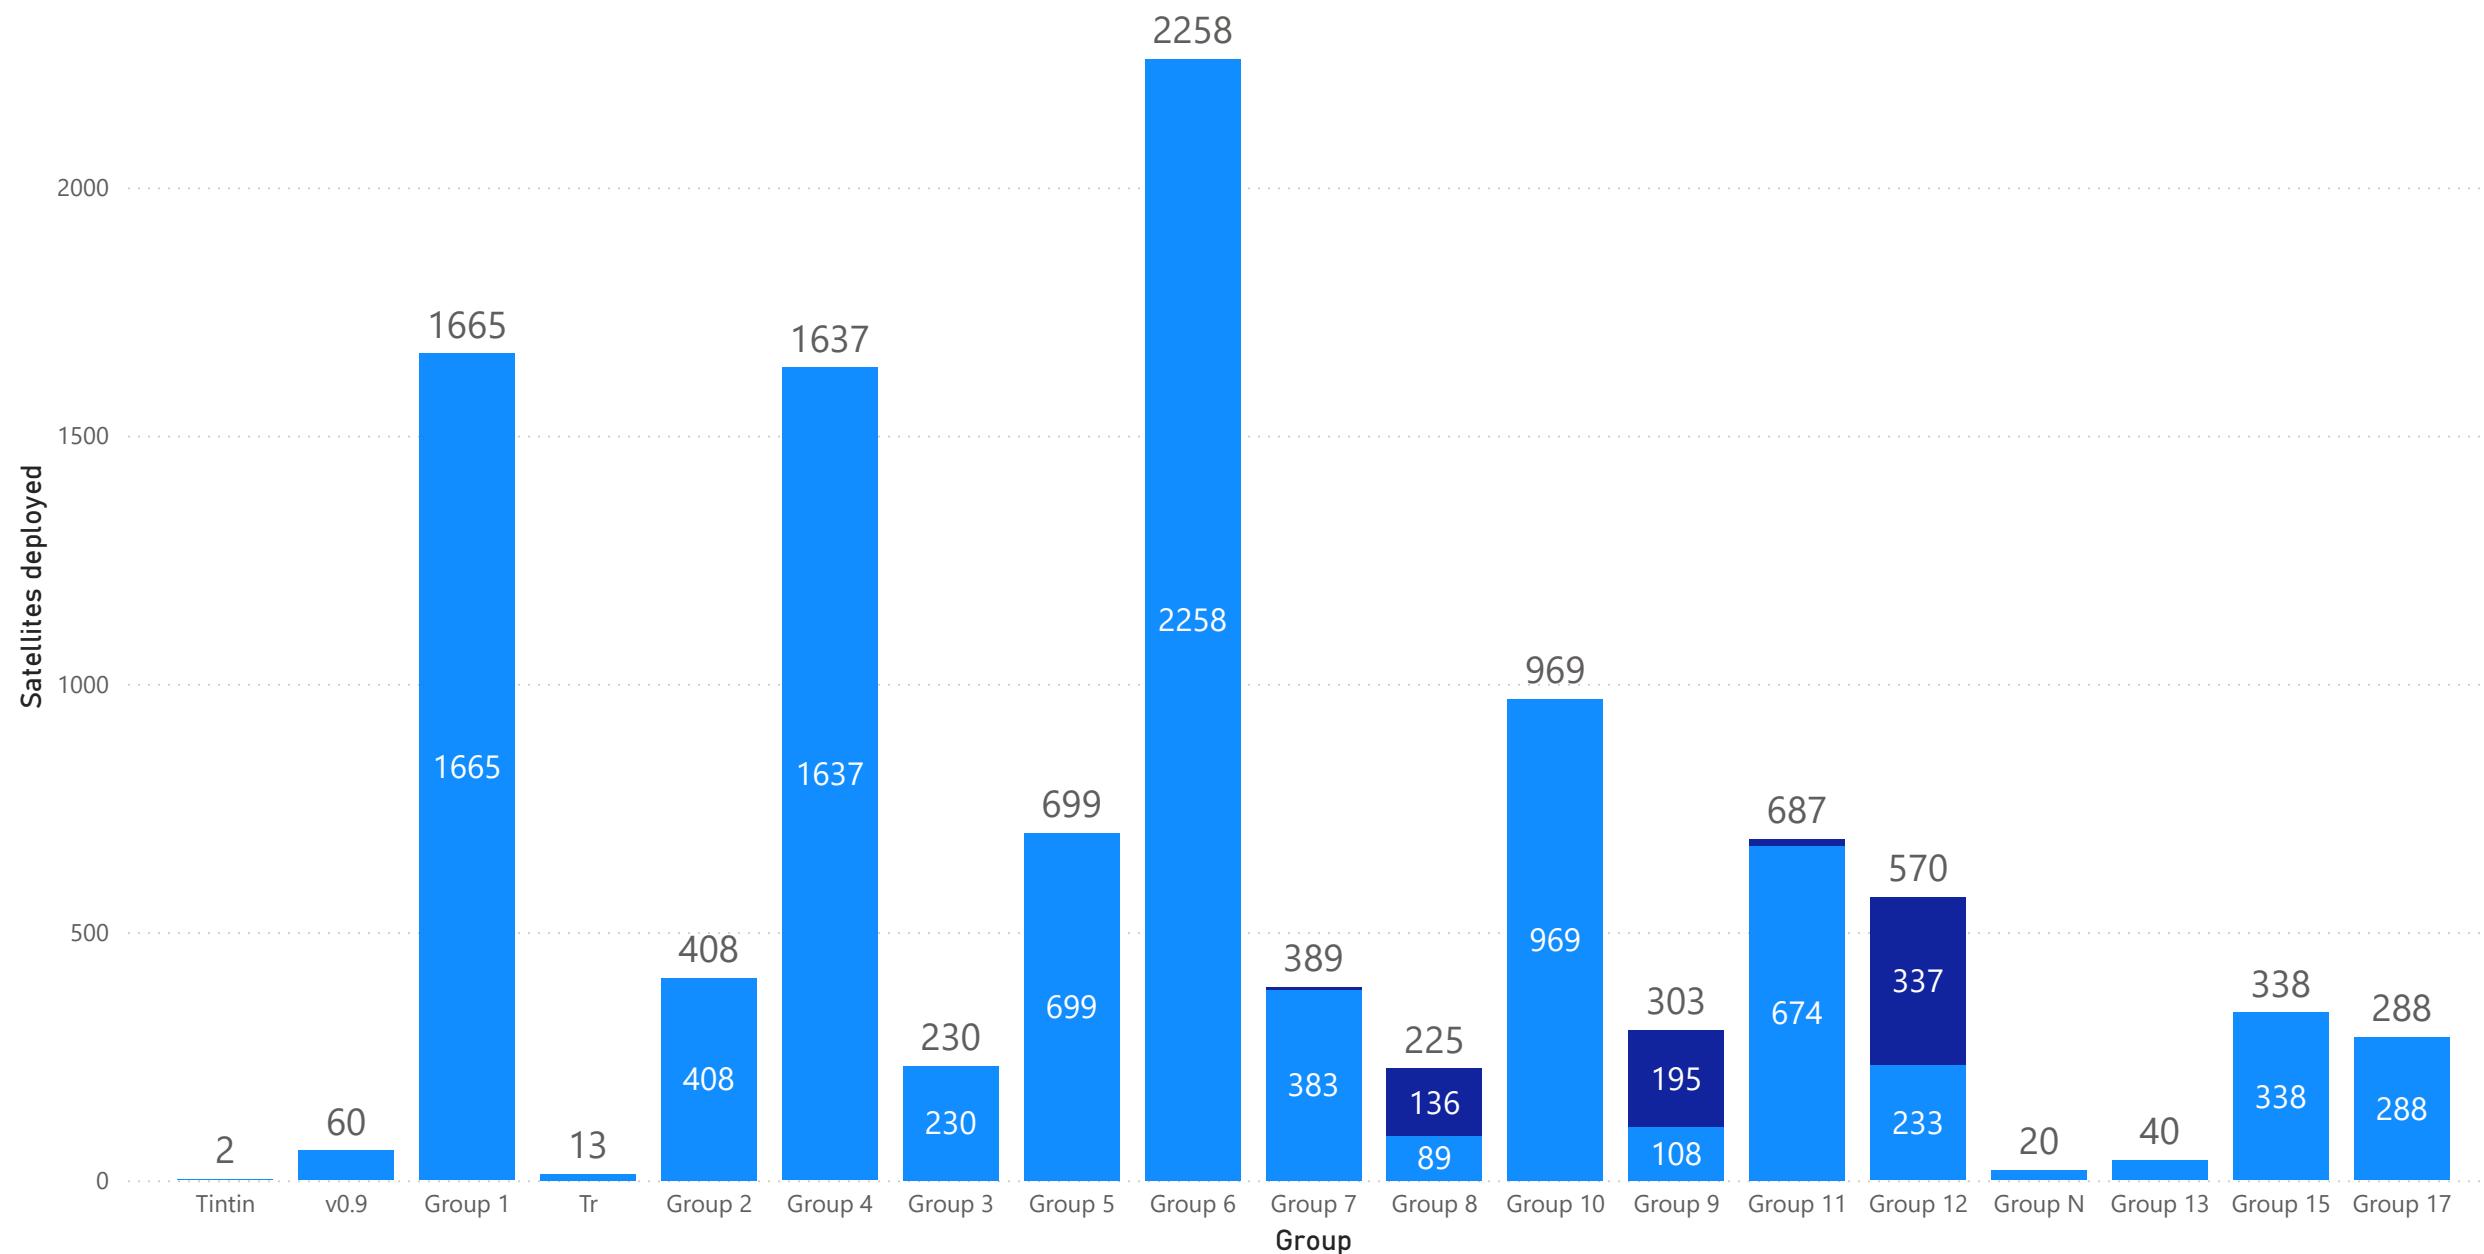

Satellites deployed by year and group in chronological order

Satellites with and without Direct-to-Cell by group in chronological order

● Satellites without Direct-to-Cell ● Satellites with Direct-to-Cell
